PROPOSED ADJUSTMENT OF THE WHOLESALE) CASE NO.
WATER SERVICE RATES OF THE CITY OF) 2015-00039
AUGUSTA)

MOTION FOR EXTENSION OF TIME

Comes now City of Augusta, by and through counsel, and respectfully requests that the Public Service Commission grant Movant an extension of time, by which to complete the filing with the Public Service Commission the information listed in Appendix B to the Order entered herein on February 10th, 2015.

As grounds, the City of Augusta states the following reasons, for good cause shown:

1. The undersigned City Attorney is not a full time salaried employee of the City of Augusta, and does not practice regularly in front of the Public Service Commission. The City of Augusta therefore requests additional time to consider and investigate the possibility of retaining outside counsel or co-counsel to assist with this matter.
2. The City of Augusta does not have the resources and personnel to compile all of the information and documentation requested by February 19th, 2015, having been first made aware of such Order February 10th, 2015, and in the interim, having had President's Day and several days of snow emergencies, which snow emergency is presently ongoing.

Wherefore, the City of Augusta, for good cause shown, requests an additional thirty (30) days by which to compile and submit the requested information.

Dated February 18th, 2015

Respectfully Submitted,
